Instructions for Capital Asset Reporting (Form DA-87)

1. All agencies must return the Capital Asset Reporting Form DA-87 *except* Board of Regents, the universities, and those agencies who produce their own Comprehensive Annual Financial Report (CAFR). Accounts and Reports will use CAFR data for the State's financial report from the following agencies:

175 KHRC	365 KPERS
176 KDFA	371 KTEC
276 KDOT	450 Lottery
	670 Learning Quest

2. For GAAP reporting certain fund categories need to be segregated between governmental and business-type activities. In order to obtain this information certain agencies with GAAP internal service funds and enterprise funds must submit Capital Asset Reporting for these funds separately from the rest of the agency's assets. Most agencies will not be required to separate their assets by fund. The following are GAAP internal service and enterprise funds that need to be reported separately:

Agency No	Agency Title	STARS Fund No.	STARS Fund Title
171	Health Policy Authority	6170	State Workers Compensation Self-Insurance Fund
173	Dept. of Administration-Division of Printing	6130	Intragovernmental Printing Service Fund

494	Osawatomie State Hospital	6164	Motor Pool Revolving Fund
710	Kansas Dept. of Wildlife and Parks	6145	Central Aircraft Fund

Please note the above agencies/funds are the only ones that need to be segregated by fund.

3. For GAAP financial reporting purposes, do not include assets less than the following limits on form DA-87:

Other equipment and furnishings	\$ 5,000
Buildings	\$ 100,000
Building improvements	\$ 100,000
Land	\$ 100,000
Land Improvements	\$ 100,000

4. Transferred items from other agencies and donated items must be included at estimated fair value when acquired if historical cost is not known.
5. It is the intent of the State of Kansas that all art works and historical objects are held for the purpose of exhibition to the public to further education and research. It is also our intent to preserve and protect such items to insure their availability to future generations. If any items are sold from any collection, the proceeds from such disposition are intended to be set aside for future acquisitions for the collections.
6. Only assets owned by the agency must be reported on form DA-87.
7. The beginning balance column must be the same as the ending balance previously reported on the prior year's form DA-87. Any corrections to the beginning balances must be included in the additions or deletions column.
8. The addition column must only have the FY09 additions (includes amounts from the DAFR 8460, Capital Outlay Expenditures Report, and other additions such as Master Lease Purchase Program and capital leases).
9. The deletion column must only have the items deleted during FY09.
10. Page two of form DA-87 requests operating and capital lease information required for GAAP reporting. When reviewing leases, do not include lease liabilities for copy machines, postage machines, vehicles, Master Lease Purchase Program purchases or any lease less than \$1,000,000.

Capital leases meet one of the following criteria:

- A. The lease transfers ownership of the property to the lessee by the end of the lease term.
- B. The lease contains a bargain purchase option.
- C. The lease term is equal to 75 percent or more of the estimated economic life of the leased property.
- D. The present value of the minimum lease payments at the inception of the lease, excluding executory costs, equals at lease

The State defines operating leases as any lease that does not meet one of the above criteria (A through D) and excludes copy machines, postage machines, vehicles or any lease less than \$1,000,000.

11. Consumable supplies will only be reported when greater than \$200,000.
