INDEPENDENT AUDITORS' REPORT

Board of Trustees
Garden City Community College
801 Campus Drive
Garden City, Kansas 67846

We have audited the accompanying financial statements of the business-type activity and the aggregate discretely presented component units of the Garden City Community College, Garden City, Kansas, as of and for the year ended June 30, 2010, which collectively comprise the College's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Garden City Community College's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the Kansas Municipal Audit Guide, and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activity of Garden City Community College, Garden City, Kansas, as of June 30, 2010, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated December 16, 2010, on our consideration of the Garden City Community College's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

The management's discussion and analysis and the schedule of funding progress on pages v through xiii and 30 are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the College's basic financial statements. The information identified in the table of contents as supplementary information and additional information is presented for purposes of additional analysis and is not a required part of the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is also not a required part of the basic financial statements of the College. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

LEWIS, HOOPER & DICK, LLC

Management's Discussion and Analysis

This section of the report contains an overview and analysis of Garden City Community College's financial statements for the fiscal years ended June 30, 2010, and June 30, 2009. The information contained here is intended to provide the users of these financial statements with a well rounded picture of the College's financial condition. It addresses the primary government financial statements only; the component units presented are not discussed in this Management's Discussion and Analysis. A more detailed presentation is given in the College's basic financial statements, footnotes and supplementary information (pages 1-62). Responsibility for this discussion and the completeness and fairness of the information presented resides with the College.

Using This Report

The financial statement focuses on the College as a whole. The College's financial statements (see pages 2 through 5) are designed to emulate corporate presentation models whereby all College activities are consolidated into one total. The focus of the Statement of Net Assets is designed to be similar to bottom line results for the College. This statement combines and consolidates current financial resources (short-term spendable resources) with capital assets. The Statement of Revenues, Expenses and Changes in Net Assets focuses on both the gross costs and the net costs of College activities which are supported substantially by property taxes, state and federal grants and contracts, student tuition and fees, and auxiliary enterprise revenues. This approach is intended to summarize and simplify the user's analysis of cost of various College services to students and the public.

Financial Highlights

- The College had net assets at the beginning of the year totaling \$18,546,098. The net increase in net assets of \$303,186, or 1.63%, brought the total of net assets at June 30, 2010, to \$18,849,284. This is due primarily because of \$302,209 reserved for encumbrances.
- Capital assets increased a total of \$411,683 from 2009, as a result of construction in progress. Major projects during fiscal year 2010 include the Fouse and Academic building additions/renovations, and completion of the Penka building addition/renovation project.
- Operating revenues increased by \$610,017, or 8.02% from 2009.
- Operating expenses increased by \$682,319, or 3.41% from 2009. This is primarily because of increases in classroom renovations, instructional equipment and supplies purchased with grant funds.
- Actual expenditures for the General Fund were under budget \$3,322,778, or 17.87%. The comparison of actual to published budget reflects that the College operated within its legal budget authority as required by the State of Kansas.

Financial Analysis of the College as a Whole

Net assets As of June 30, 2010 and 2009

	2010	2009	Increase (Decrease)
Assets			
Current assets	\$ 14,697,736	\$ 15,827,301	\$ (1,129,565)
Non-current assets	19,845,081	19,433,398	411,683
Total assets	34,542,817	35,260,699	(717,882)
Liabilities			
Current liabilities	6,742,543	6,660,265	82,278
Non-current liabilities	8,950,990	10,054,336	(1,103,346)
Total liabilities	15,693,533	16,714,601	(1,021,068)
Net assets			
Investment in capital assets	11,267,299	10,573,921	693,378
Restricted for: expendable	907,002	504,834	402,168
Unrestricted	6,674,983	7,467,343	(792,360)
Total net assets	\$ 18,849,284	\$ 18,546,098	\$ 303,186

This schedule is prepared from the College's statement of net assets (page 2) which is presented on an accrual basis of accounting whereby assets costing \$5,000 or more are capitalized and depreciated.

Total net assets at June 30, 2010, increased \$303,186 to \$18,849,284 from \$18,546,098 in fiscal year 2009, as previously discussed. Current assets have decreased due to receivables due on taxes and notes payable proceeds along with a decrease in cash on hand for construction in progress. Non-current assets consist primarily of net capital assets. Here is a summary of changes in net capital assets.

Changes in Capital Assets

	Beginning Balance	Additions	Retirements	Ending Balance
Cost:				
Land	\$ 655,387	\$ -	\$ -	\$ 655,387
Construction in progress	1,611,743	1,346,958	1,502,848	1,455,853
Improvements other than buildings	5,265,613	27,315	-	5,292,928
Buildings	25,334,890	1,517,848	16,136	26,836,602
Equipment	7,592,418	331,649	392,183	7,531,884
Total cost	40,460,051	3,223,770	1,911,167	41,772,654
Less accumulated depreciation:				
Improvements other than buildings	1,614,882	263,443	-	1,878,325
Buildings	13,709,724	617,341	6,252	14,320,813
Equipment	5,702,047	414,011	387,623	5,728,435
Total accumulated depreciation	21,026,653	1,294,795	393,875	21,927,573
Property, plant and equipment, net	\$ 19,433,398	\$ 1,928,975	\$ 1,517,292	\$ 19,845,081

The College completed the Penka building addition/renovation project. Remodeling of the Fouse and Academic buildings began in fiscal year 2008. Capital projects in process at June 30, 2010, are as follows:

<u>Project</u>	<u>Authorization</u>	<u>Expended</u>
Penka, Fouse & Academic Buildings renovations	\$ 4,640,556	\$ 2,958,701

Current liabilities increased largely due to the increase in deferred tax revenues and the current portion of long-term liabilities. Non-current liabilities consist entirely of long-term liabilities. Here is a summary of changes in long-term liabilities.

Changes in Long-term Liabilities

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Retirements</u>	<u>Ending Balance</u>
Notes payable:				
Kansas Board of Regents	\$ 2,216,645	\$ -	\$ 277,081	\$ 1,939,564
Leases payable:				
Lease obligation - building	460,000	-	225,000	235,000
Lease obligation - improvements and equipment	1,675,000	-	310,000	1,365,000
Lease obligation - building	2,885,000	-	35,000	2,850,000
Lease obligation - equipment	405,000	-	130,000	275,000
Lease obligation - building	1,084,000	-	239,000	845,000
Lease obligation - building	2,060,000	-	10,000	2,050,000
Lease obligation - equipment	130,000	-	-	130,000
Total leases payable	<u>8,699,000</u>	<u>-</u>	<u>949,000</u>	<u>7,750,000</u>
Other liabilities:				
Compensated absences, net	249,127	22,419	-	271,546
Net OPEB liability, net	146,316	146,316	-	292,632
Total other liabilities	<u>395,443</u>	<u>168,735</u>	<u>-</u>	<u>564,178</u>
Total long-term liabilities	<u>\$ 11,311,088</u>	<u>\$ 168,735</u>	<u>\$ 1,226,081</u>	<u>\$ 10,253,742</u>

The College's net assets consist of capital assets net of related debt, restricted net assets and unrestricted net assets. Expendable restricted net assets represent assets whose use is restricted by a party independent of the College, including restrictions related to grants, contracts and gifts. Unrestricted net assets represent net assets of the College that have not been restricted by parties independent of the College.

The balance of this page intentionally left blank.

**Statement of Revenues, Expenses and Changes in Net Assets
As of June 30, 2010 and 2009**

	2010	2009	Increase (Decrease)
Operating revenues:			
Student tuition and fees (net of scholarship allowances)	\$ 844,157	\$ 795,211	\$ 48,946
Federal grants and contracts	5,183,997	3,772,416	1,411,581
Auxiliary enterprises	490,390	1,521,479	(1,031,089)
Other	1,698,537	1,517,958	180,579
Total operating revenues	<u>8,217,081</u>	<u>7,607,064</u>	<u>610,017</u>
Operating expenses	<u>20,682,120</u>	<u>19,999,801</u>	<u>682,319</u>
Operating loss	(12,465,039)	(12,392,737)	(72,302)
Non-operating revenues (expenses)			
State appropriations	2,621,285	2,711,153	(89,868)
Property taxes	10,339,581	9,741,706	597,875
Other	(237,641)	(214,722)	(22,919)
Capital grants and gifts	45,000	555,000	(510,000)
Increase in net assets	303,186	400,400	(97,214)
Net assets, beginning of year	<u>18,546,098</u>	<u>18,145,698</u>	<u>400,400</u>
Net assets, end of year	<u>\$ 18,849,284</u>	<u>\$ 18,546,098</u>	<u>\$ 303,186</u>
Total revenues	<u>\$ 21,310,747</u>	<u>\$ 20,822,243</u>	<u>\$ 488,504</u>

Operating revenues increased by \$610,017. This reflects an increase in student tuition and fees of \$48,946 after the allowance for scholarships and federal student financial aid. The increase in federal grants and contracts of \$1,411,581 is a result of increased student aid for the current year. Auxiliary enterprises experienced a decrease of \$1,031,089 as a result the allowance for federal student financial aid applied to student housing. Other operating revenues increased \$180,579 primarily as a result of changes in the other restricted funds' sponsorship agreements.

Total non-operating revenues (expenses) increased by \$485,088. This was primarily due to an increase in property taxes.

Capital grants and gifts decreased by \$510,000 due to a bequest and additional contributions received through the State's tax credit program in the prior year.

The balance of this page intentionally left blank.

The following is a graphic illustration of revenues by source.

Revenues by Source

As shown in the revenues by source graph, the three primary sources of revenue for the College are property taxes at 49%, federal grants and contracts at 24% and state appropriations at 12%.

Local funding consists primarily of property tax allocations. Here is an analysis of the College's mill levy for the past 10 years.

Mill Analysis

Year	Abstract	Total Mills	Total Taxes	% Taxes
Taxes	Assessed	Assessed	Levied	Increase/
Levied	Valuation			Decrease
2010	\$ 451,993,982	20.198	\$ 9,129,453	-8.93%
2009	497,737,642	20.183	10,024,377	5.20%
2008	492,125,637	19.360	9,528,537	4.45%
2007	475,127,875	19.200	9,122,827	-6.42%
2006	507,386,172	19.220	9,748,992	6.02%
2005	470,512,179	19.543	9,195,220	4.54%
2004	452,245,616	19.450	8,796,117	10.82%
2003	368,727,377	21.530	7,937,593	6.67%
2002	379,944,348	19.586	7,441,589	-2.78%
2001	388,724,720	19.691	7,654,378	15.56%

The average increase over the 10 year period is 3.51%. Since over half of the College's funding comes from local sources, the local tax levy has a significant impact on the College's finances.

State funding consists primarily of State operating grants. An analysis of the grants received for the past eight years under the new State funding formula are as follows:

State Operating Grant Analysis

Year	Grant Amount	% Increase/Decrease
2010	\$ 2,621,285	-3.31%
2009	2,711,153	0.59%
2008	2,695,144	-4.66%
2007	2,827,007	6.02%
2006	2,666,547	6.70%
2005	2,499,062	2.26%
2004	2,443,941	-6.54%
2003	2,614,925	2.21%

As shown, the State operating grant decreased slightly in the current. The reason for this change is due to the State funding formula based on State budget appropriations and decreases in overall State aid to educational institutions.

Student tuition is determined by the number of credit hours and the tuition rate. The following is an analysis of credit hours, tuition rates and gross tuition revenue over the past 10 years.

Credit Hour Analysis

Year	In State	Out of State	Total	% Increase/Decrease
2010	39,990	5,165	45,155	8.26%
2009	37,118	4,590	41,708	2.13%
2008	35,446	5,391	40,837	-3.07%
2007	37,630	4,501	42,131	-6.19%
2006	40,134	4,778	44,912	8.23%
2005	37,110	4,385	41,495	-2.19%
2004	37,340	5,082	42,422	-6.61%
2003	40,321	5,103	45,424	1.15%
2002	39,508	5,398	44,906	4.57%
2001	37,839	5,104	42,943	-0.49%

Cost per Credit Hour

Year	In State	Out of State
2010	\$ 43	\$ 65
2009	41	65
2008	41	65
2007	39	65
2006	39	65
2005	37	65
2004	37	65
2003	34	65
2002	34	65
2001	31	65

Gross Tuition Revenue Analysis

Year	In State	Out of State	Total	% Increase/Decrease
2010	\$ 1,719,570	\$ 335,725	\$ 2,055,295	12.92%
2009	1,521,838	298,350	1,820,188	0.91%
2008	1,453,286	350,415	1,803,701	2.48%
2007	1,467,570	292,565	1,760,135	-1.97%
2006	1,484,950	310,570	1,795,520	8.29%
2005	1,373,097	285,025	1,658,122	-3.14%
2004	1,381,586	330,330	1,711,916	2.00%
2003	1,346,675	331,695	1,678,370	-0.93%
2002	1,343,291	350,870	1,694,161	12.58%
2001	1,173,022	331,795	1,504,817	1.91%

The number of credit hours fluctuates based on course offerings and resulting student enrollment.

The following is a graphic illustration of operating expenses.

Operating Expenses

As shown, the four largest areas of operating expenses are instruction at 38%, student services at 17%, institutional support at 12%, and operating and maintenance of plant at 13%. Total operating expenses increased \$682,319, or 3.41% from 2009. This is primarily because of increases in classroom renovations, instructional equipment and supplies purchased with grant funds.

The balance of this page intentionally left blank.

Statement of Cash Flows
For the Years ended June 30, 2010 and 2009

	2010	2009	Increase (Decrease)
Cash provided (used) by:			
Operating activities	\$ (10,262,226)	\$ (12,361,453)	\$ 2,099,227
Noncapital financing activities	13,251,064	12,474,286	776,778
Capital and related financing activities	(3,218,382)	265,095	(3,483,477)
Investing activities	1,700,329	(1,357,372)	3,057,701
Net increase (decrease) in cash	1,470,785	(979,444)	2,450,229
Cash, beginning of year	3,773,989	4,753,433	(979,444)
Cash, end of year	<u>\$ 5,244,774</u>	<u>\$ 3,773,989</u>	<u>\$ 1,470,785</u>
Reconciliation:			
Operating loss	\$ (12,465,039)	\$ (12,392,737)	\$ (72,302)
Depreciation	1,294,795	1,417,222	(122,427)
Changes in net assets	908,018	(1,385,938)	2,293,956
Net cash used by operating activities	<u>\$ (10,262,226)</u>	<u>\$ (12,361,453)</u>	<u>\$ 2,099,227</u>

This cash flow statement presents the College's cash receipts and cash payments during its fiscal year. All of the primary sources of revenue have been analyzed and the major uses of cash have been summarized in previous pages. This statement further reconciles the operating loss to net cash used by operating activities.

**Schedule of Revenue, Expenditures, Encumbrances and
Changes in Unencumbered Cash - General Fund - Actual and Budget
For the Year Ended June 30, 2010**

	Actual	Budget	Over (Under)
Revenue	\$ 15,768,688	\$ 17,181,470	\$ (1,412,782)
Expenditures and encumbrances	15,269,907	18,592,685	(3,322,778)
Revenue over (under) expenditures and encumbrances	498,781	(1,411,215)	1,909,996
Other financing uses	(701,181)	(681,305)	19,876
Revenue over (under) expenditures and encumbrances and other financing uses	(202,400)	(2,092,520)	1,890,120
Unencumbered cash, July 1, 2009	8,396,766	8,482,704	(85,938)
Unencumbered cash, June 30, 2010	<u>\$ 8,194,366</u>	<u>\$ 6,390,184</u>	<u>\$ 1,804,182</u>

The comparison of actual to published budget reflects that the College operated within its legal budget authority as required by the State of Kansas.

The economics in the State of Kansas and Garden City continue to be a challenge. A large portion of the College's resources come from state and local sources.

This financial report is designed to provide our users with a general overview of Garden City Community College's finances and to show their accountability for the revenue it receives. If you have questions about this report or need additional information please contact:

NOTES TO FINANCIAL STATEMENTS

Garden City Community College
Notes to Financial Statements
June 30, 2010

1. Summary of significant accounting policies

The Garden City Community College, Garden City, Kansas, was incorporated under the provisions of the State of Kansas.

The financial statements of the College have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to government units. The College reports are based on all applicable Governmental Accounting Standards Board (GASB) pronouncements as well as private-sector standards of accounting and financial reporting issued prior to December 1, 1989, unless those standards conflict with or contradict GASB pronouncements.

The more significant of the College's accounting policies are described below.

A. Financial reporting entity

The College is governed by an elected six-member board. As required by accounting principles generally accepted in the United States of America, these financial statements present the Garden City Community College (the primary government) and its component units. Component units are included in the College's reporting entity because of the significance of their operational or financial relationships with the College.

The following organizations, functions or activities are discretely presented component units of the College and are included in the component units' columns in the College's basic financial statements. They are reported in a separate column to emphasize that they are not-for-profit entities legally separate from the College. Each discretely presented component unit has a June 30th year end.

The Garden City Community College Endowment Association is a not-for-profit corporation organized to raise funds to support educational undertakings at Garden City Community College, and to receive and hold in trust any property transferred to the Association for the benefit of the College, or any student or employee of the College, managing all property received according to the uses specified by the donors or, in case the gift is a general one, to such uses as may be agreed upon by the Board of Directors. Scholarships totaling \$426,838 were provided the College during the year.

The Broncbuster Athletic Association is a not-for profit organization created to promote activities and events to raise funds to provide scholarships, education equipment and opportunities for student athletes at Garden City Community College. Scholarships totaling \$104,371 were provided the College during the year.

Complete financial statements of the individual component units can be obtained from the College's business office or from their respective administrative offices.

1. Summary of significant accounting policies (continued)

B. Measurement focus and basis of accounting

For financial statement reporting purposes, the College is considered a special-purpose government engaged only in a business-type activity. Accordingly, the College's financial statements are prepared using the flow of economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized in the accounting period in which they are earned and expenses are recognized in the period incurred, regardless of the timing of related cash flows. All significant intra-agency transactions have been eliminated.

Charges for services include revenues based on exchange or exchange-like transactions, namely sales and services of educational departments and auxiliary enterprises. Program-specific grants and contributions (operating and capital) include revenues arising from mandatory and voluntary non-exchange transactions with other governments, organizations, or individuals that are restricted for use in a particular program. Non-exchange transactions, in which the College receives value without directly giving equal value in return, includes property taxes; certain federal, state and local grants; State appropriations and other contributions. On an accrual basis, revenue from property taxes is recognized in the period for which the levy is intended to finance. Revenue from grants, State appropriations, and other contributions is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used of the fiscal year when use is first permitted; matching requirements, in which the College must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the College on a reimbursement basis.

Operating and nonoperating revenues are distinguished by source of funds. Operating revenues generally consist of user charges. Nonoperating revenues include tax revenues and other revenue not directly related to the College's provision of goods or services.

The accounting policies of the College conform to accounting principles generally accepted in the United States of America as applicable to colleges and universities. The College reports are based on all applicable Government Accounting Standards Board (GASB) pronouncements as well as private-sector standards of accounting and financial reporting issued prior to December 1, 1989, unless those standards conflict with or contradict GASB pronouncements.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

C. Basis of presentation

The College follows the GASB standards for external financial reporting for public colleges and universities. Accordingly, the College's resources are classified for accounting and reporting purposes into the following net asset categories:

- Invested in capital assets, net of related debt: This represents the College's total investment in capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets.
- Restricted: This includes resources subject to externally imposed stipulations.
- Unrestricted: This includes resources that are not subject to externally imposed stipulations. Unrestricted net assets may be designated for specific purposes by action of management or may otherwise be limited by contractual agreements with outside parties.

Garden City Community College
Notes to Financial Statements
June 30, 2010

1. Summary of significant accounting policies (continued)

D. Assets, liabilities, and net assets or equity

Deposits and investments

Cash resources of the individual funds are combined to form a pool of cash and investments which is managed by the Dean of Administrative Services. Cash includes amounts in demand deposits. Investments of the pooled accounts consist of certificates of deposit and money market investments backed by U.S. government securities. Interest income earned is allocated among funds based on average monthly cash balances and in accordance with the adopted budget.

The College's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the College to invest idle funds in U.S. government securities, temporary notes, no-fund warrants, repurchase agreements and the Kansas Municipal Investment Pool. The Kansas Municipal Investment Pool operates in accordance with appropriate State laws and regulations. The reported value of the investment in the Kansas Municipal Investment Pool is the same as the fair value of its pool shares. Other investments of the College and its component units are stated at fair value, which equals cost. The aggregate value of the investments at June 30, 2010, is \$178,320.

Receivables and payables

All trade receivables are considered to be fully collectible; accordingly, no allowance for uncollectible accounts is required. If amounts become uncollectible, an allowance will be established.

Tuition and fee revenues collected during the fiscal year which relate to the period after June 30, 2010, have been deferred.

Property taxes are levied each calendar year on all taxable real property located in the taxing district. Property taxes are recorded on an accrual basis of accounting. Pursuant to the Board of Trustee resolution, property tax levies passed in August, 2009, were allocated forty percent to fiscal year 2011.

The College's property taxes are assessed on a calendar year basis, are levied and become a lien on the property on November 1st of each year. The determination of assessed valuation and the collection of property taxes for all political subdivisions in the State of Kansas is the responsibility of the various counties. The County Appraiser's Office annually determines assessed valuation and the County Clerk spreads the annual assessment to the taxing units. One-half of the property taxes are due December 20th and distributed to the College by January 20th to finance a portion of the current year's budget. The second half is due May 10th and distributed to the College by June 5th. This distribution to the College is for its next budget year and is reflected as deferred revenues. The College draws available funds from the County Treasurer's office at designated times throughout the year.

The College has a concentration of credit risk in the form of taxes receivable from the County Treasurer for property taxes collected in Finney County, Kansas.

Garden City Community College
Notes to Financial Statements
June 30, 2010

1. Summary of significant accounting policies (continued)

D. Assets, liabilities, and net assets or equity (continued)

Inventories and prepaid items

The College deems inventory as immaterial to the financial statements. No capitalization or amortization has been recorded in the financial statements of the primary government. The College records certain payments to vendors that reflect costs applicable to future accounting periods as prepaid items in its financial statements.

Capital assets

Capital assets include property, plant and equipment, and infrastructure assets, such as roads and sidewalks. Capital assets are defined by the College as assets with an initial unit cost of \$5,000 or more and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment of the College are depreciated using the straight-line method over the following useful lives:

Buildings	20 to 40 years
Improvements other than buildings	20 years
Equipment	5 to 22 years
Computer technology	3 years

The College's library collection adheres to the College's policy to (a) maintain the library collection for education or research; (b) protect, keep unencumbered, care for, and preserve the library collection; and (c) require proceeds from the sale of the library collection to be used to acquire other collection items. Generally accepted accounting principles permit collections maintained in this manner to be charged to operations at time of purchase rather than capitalized.

Compensated absences

The College's policy regarding sick leave pay permits employees to accumulate leave days at a maximum rate of 10 days per year up to 60 days. Leave may be used for sick leave and personal leave. The College does not pay for unused leave time if the employee leaves the College's employ.

The College's policy regarding vacation leave permits employees to accumulate vacation leave to a maximum of up to 20 days. Personnel leaving the employment of the College will be paid for unused vacation days at the daily rate of the employee's last contract. The estimated dollar amount of accumulated vacation leave pay at June 30, 2010, totals \$271,546. The current portion of accrued vacation leave, which would be liquidated with expendable available resources, is not material.

Garden City Community College
Notes to Financial Statements
June 30, 2010

1. Summary of significant accounting policies (continued)

D. Assets, liabilities, and net assets or equity (continued)

Long-term obligations

Long-term debt and other long-term obligations are reported as liabilities in business-type activities. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the bonds outstanding method, which approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

Fund equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or those that are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans, which are subject to change.

Net assets

In the government-wide financial statements, net assets of the College are classified in three components. *Net assets invested in capital assets net of related debt* consist of property and equipment net of accumulated depreciation and reduced by the current balances of any outstanding borrowings used to finance the purchase or construction of those assets. *Restricted net assets* are noncapital net assets that must be used for a particular purpose, as specified by creditors, grantors, contributors, or laws or regulations. *Unrestricted net assets* are remaining net assets that do not meet the definition of *invested in capital assets net of related debt* or *restricted*.

2. Stewardship, compliance and accountability

A. Budgetary information

Budgets are adopted for the Current Unrestricted Funds (including Auxiliary Enterprises), and Unexpended Plant Funds. All budgets are prepared using the modified accrual basis further modified by the encumbrance method of accounting – that is, commitments such as purchase orders and contracts, in addition to disbursements and accounts payable, are recorded as expenditures. Unused appropriations for all of the above annually budgeted funds lapse at the end of the year. The Statements of Revenue, Expenditures and Encumbrances and Changes in Unencumbered Cash – Actual and Budget; Schedules 1, 1-A, 2 and 3 in the SUPPLEMENTARY INFORMATION section; present the comparisons by funds of the legally adopted budget with actual data on the budgetary basis. Encumbrances outstanding at June 30, 2010, in the Current Unrestricted Funds, Current Funds – Restricted – Adult Basic Education, and Unexpended Plant Funds totaled \$302,209.

Although directory rather than mandatory, Kansas statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding calendar year on or before August 1st.
2. Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.
3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25th.

Garden City Community College
Notes to Financial Statements
June 30, 2010

2. Stewardship, compliance and accountability (continued)

A. Budgetary information (continued)

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. There were no budget amendments to the adopted annual operating budget for fiscal year 2010.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

Spending in funds which are not subject to the legal annual operating budget requirements are controlled by federal regulations, other statutes or by the use of internal spending limits established by the governing body.

B. Excess of expenditures over appropriations

Under Kansas statutes, expenditures are mandated to be controlled, so that no indebtedness is created in excess of budgeted limits. Management is not aware of any statutory violations.

C. Budgetary compliance – non-GAAP financial statements

By statute, the College prepares its annual budget on a non-GAAP basis of accounting as described in Note 2, item A. A reconciliation of these budgetary basis statements to the GAAP statements is presented in the Notes to Supplementary Information.

3. Detailed notes on all funds

A. Deposits and investments

A reconciliation of cash and investments as shown on the government-wide statement of net assets for the primary government follows:

Cash and cash equivalents	\$	5,244,774
Short-term investments		7,180,114
		7,180,114
Total cash and investments	\$	12,424,888
Carrying amount of deposits	\$	12,245,028
Carrying amount of investments		178,320
Cash on hand		1,540
		1,540
Total cash and investments	\$	12,424,888

Garden City Community College
Notes to Financial Statements
June 30, 2010

3. Detailed notes on all funds (continued)

A. Deposits and investments (continued)

Investments

As of June 30, 2010, the College had the following investments and maturities:

<u>Investment type</u>	<u>Fair Value</u>	<u>Investment Maturities (in Years)</u>	<u>Rating</u>
		<u>Less Than 1</u>	
Certificates of participation - U.S. Treasuries	\$ 11	\$ 11	N/A
Municipal Investment Pool	178,309	178,309	S&P AAAf/S1+
Total fair value	<u>\$ 178,320</u>	<u>\$ 178,320</u>	

At year end, the Endowment Association's investment balances consisted of \$3,319,983 in marketable securities with a fair value of \$3,380,043, and \$1,389,765 of certificates of deposit.

Interest rate and credit risk

K.S.A. 9-1401 establishes the depositories which may be used by the College. The statute requires banks eligible to hold the College's funds have a main or branch bank in the county in which the College is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The College has no other policies that would further limit interest rate risk or limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. State statute limits the College's investment maturities to two years or less.

K.S.A. 12-1675 limits the College's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. All investments must be insured, registered, or held by the College or its agent in the College's name. The College has no investment policy that would further limit its investment choices. The rating of the Government's investments is noted above.

Concentration of credit risk

State statutes places no limit on the amount the College may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. The College's allocation of investments as of June 30, 2010, is as follows:

<u>Investment Type</u>	<u>Percentage of Investments</u>
Certificates of participation - U.S. Treasuries	0.01%
Municipal Investment Pool	99.99%

Garden City Community College
Notes to Financial Statements
June 30, 2010

3. Detailed notes on all funds (continued)

A. Deposits and investments (continued)

Custodial credit risk – deposits

In the case of deposits, this is the risk that in the event of a bank failure, the College's deposits may not be returned to it. State statutes require the College's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City or the Federal Home Loan Bank of Topeka and held by a third party bank that is independent of the pledging bank. The pledged securities are held under a tri-party custodial agreement signed by all three parties: the College, the pledging bank and the independent third-party bank holding the pledged securities. All deposits were secured at June 30, 2010.

At June 30, 2010, the College's carrying amount of deposits was \$12,245,028 and the bank balance was \$12,663,955. Seventy-six percent of the bank balance was held by two banks resulting in a concentration of credit risk. Of the bank balance, \$3,821,916 was covered by federal depository insurance and \$8,842,039 was collateralized with securities held by the pledging financial institutions' agents in the College's name. The College's cash deposits by financial institution at year end are as follows:

	Commerce Bank	Landmark National Bank	Security State Bank	First National Bank	Western State Bank
Bank balance covered by:					
FDIC coverage	\$ 1,294,207	\$ 250,000	\$ 25,915	\$ 2,001,794	\$ 250,000
Pledged securities at market value	<u>3,750,000</u>	<u>4,342,039</u>	-	-	750,000
Total bank balance	<u>\$ 5,044,207</u>	<u>\$ 4,592,039</u>	<u>\$ 25,915</u>	<u>\$ 2,001,794</u>	<u>\$ 1,000,000</u>

The carrying amount of deposits for the Endowment Association, a discretely presented component unit, was \$1,590,354 and the bank balance was \$1,589,763. Of the bank balance, \$1,586,247 was covered by federal depository insurance and \$3,516 was unsecured.

The carrying amount of deposits for the Broncbuster Athletic Association, a discretely presented component unit, was \$173,255 and the bank balance was \$169,924. All of the bank balance was covered by federal depository insurance.

Custodial credit risk – investments

For an investment, this is the risk that, in the event of the failure of the counterparty, the College will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The College has no custodial credit risk exposure for its investments.

Garden City Community College
Notes to Financial Statements
June 30, 2010

3. Detailed notes on all funds (continued)

B. Receivables

Receivables as of year-end for the College's individual major and nonmajor funds, including the applicable allowances for uncollectible accounts, are as follows:

	General	Plant Funds		Total
		Unexpended	Investment in Plant	
Receivables:				
Taxes	\$ 150,413	\$ 8,348	\$ -	\$ 158,761
Miscellaneous	1,002,305	-	-	1,002,305
Note receivable	-	-	1,111,782	1,111,782
Gross receivables	1,152,718	8,348	1,111,782	2,272,848
Less allowance for uncollectibles	-	-	-	-
Total net receivables	<u>\$ 1,152,718</u>	<u>\$ 8,348</u>	<u>\$ 1,111,782</u>	<u>\$ 2,272,848</u>

Revenues of the enterprise funds are reduced by uncollectible amounts when written off.

Proprietary funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. At the end of the current fiscal year, the various components of deferred revenue reported in the proprietary funds were as follows:

	Unearned	Unavailable
Current property taxes receivable:		
General	\$ -	\$ 150,413
Plant Funds - Unexpended	-	8,348
Total deferred revenue	<u>\$ -</u>	<u>\$ 158,761</u>

D. Leases

Operating leases

During the year ended June 30, 1995, the College entered into an agreement to purchase an additional facility to be used for another Adult Learning Center. The agreement contains a lease for the facility site for a period of 36 months, renewable on a year to year basis thereafter. As consideration for the purchase, the College has been granted the leasehold interest without obligation for payment of any basic cash rent for the facility site during the original, or any renewal term, of the agreement.

During the year ended June 30, 1997, the College entered into an agreement to lease an additional facility to be used for an Adult Learning Center in Scott City. The agreement contains a lease for the facility site for a period of 10 years, and renewed for an additional 10 years on June 30, 2006. The College has been granted the leasehold interest for an advance rental payment of \$10; the College is responsible for all repairs, alterations, taxes, utilities and insurance on the property during the lease term.

During the year ended June 30, 2005, the College entered into an agreement to lease the facilities and equipment of a broadcasting facility. The agreement is for a period of 5 years, commencing on January 1, 2005, and continuing until December 31, 2009, with a monthly rental fee of \$2,000. During the year ended June 30, 2010, the College paid \$12,000 under this lease agreement. The lease expired December 31, 2009.

3. Detailed notes on all funds (continued)

D. Leases (continued)

Capital leases

The College has entered into various capital lease agreements outstanding at June 30, 2010, as follows:

1. Bank of New York

The College entered into a lease purchase agreement with the Bank of New York (formerly Intrust Bank, N.A.) dated March 1, 2002. The College has leased building sites to the above entity. Buildings constructed on the sites leased to the Bank of New York are leased by the College for its use. On March 1, 2002, the College participated in the issuance of lease purchase agreement certificates of participation in the amount of \$3,820,000. On October 1, 2008, the College participated in the issuance of refunding certificates of participation in the amount of \$2,065,000.

The lease purchase agreement commenced March 1, 2002, and expires April 1, 2018. The lease may be terminated upon any of the following events: (1) expiration of the original term including any renewals; (2) the exercise by the College of the option to purchase the facility granted under the lease; (3) a default by the College and Lessor's election to terminate this lease; (4) the payment by the College of all base rental payments and additional rental payments due or to become due and the payment of the purchase price balance set forth in the lease; or (5) the effective date of cancellation of this lease by an act of the Kansas Legislature.

The College pays base rental payments and additional rental payments to the trustee bank. Such payments are required to be budgeted by the College and are subject to any such limitations. The College is responsible for maintaining and operating the buildings after construction. The lease agreement also requires certain insurance requirements which the College has met.

2. UMB National Bank of America

The College entered into a lease purchase agreement for equipment with UMB National Bank of America dated January 1, 2004, resulting in the issuance of lease purchase agreement certificates of participation in the amount of \$3,085,000.

The lease purchase agreement commenced January 1, 2004, and expires January 1, 2014; the lease may be extended to February 1, 2014. The lease may be terminated upon any of the following events: (1) expiration of the original term including any renewals; (2) the exercise by the College of the option to purchase the equipment granted under the lease; (3) a default by the College and Lessor's election to terminate this lease; (4) the payment by the College of all base rental payments and additional rental payments due or to become due and the payment of the purchase price balance set forth in the lease; or (5) the effective date of cancellation of this lease by an act of the Kansas Legislature.

The College pays base rental payments and additional rental payments to the trustee bank. Such payments are required to be budgeted by the College and are subject to any such limitations. The College is responsible for maintaining and operating the equipment. The lease agreement also requires certain insurance requirements which the College has met.

3. Security Bank of Kansas City

The College entered into a lease purchase agreement with Security Bank of Kansas City dated December 1, 2004. The College has leased a building site to the above entity. Buildings constructed on the site leased to Security Bank of Kansas City are leased by the College for its use. On December 1, 2004, the College participated in the issuance of lease purchase agreement certificates of participation in the amount of \$3,120,000.

The lease purchase agreement commenced December 1, 2004, and expires June 30, 2014; the lease may be extended to May 1, 2020. The lease may be terminated upon any of the following events: (1) expiration of the original term including any renewals; (2) the exercise by the College of the option to purchase the facility granted under the lease; (3) a default by the College and Lessor's election to terminate this lease; (4) the payment by the College of all base rental payments and additional rental payments due or to become due and the payment of the purchase price balance set forth in the lease; or (5) the effective date of cancellation of this lease by an act of the Kansas Legislature.

The College pays base rental payments and additional rental payments to the trustee bank. Such payments are required to be budgeted by the College and are subject to any such limitations. The College is responsible for maintaining and operating the buildings after construction. The lease agreement also requires certain insurance requirements which the College has met.

4. UMB Bank, NA

The College entered into a lease purchase agreement for equipment with UMB Bank, NA dated May 15, 2006, resulting in the issuance of lease purchase agreement certificates of participation in the amount of \$760,000.

The lease purchase agreement commenced May 15, 2006, and expires May 1, 2012. The lease may be terminated upon any of the following events: (1) expiration of the original term including any renewals; (2) the exercise by the College of the option to purchase the equipment granted under the lease; (3) a default by the College and Lessor's election to terminate this lease; (4) the payment by the College of all base rental payments and additional rental payments due or to become due and the payment of the purchase price balance set forth in the lease; or (5) the effective date of cancellation of this lease by an act of the Kansas Legislature.

The College pays base rental payments and additional rental payments to the trustee bank. Such payments are required to be budgeted by the College and are subject to any such limitations. The College is responsible for maintaining and operating the equipment. The lease agreement also requires certain insurance requirements which the College has met.

5. UMB Bank, NA

The College entered into a lease purchase agreement with UMB Bank, NA dated August 1, 2008. The College has leased a building site to the above entity. Buildings constructed on the site leased to UMB Bank, NA are leased by the College for its use. On August 1, 2008, the College participated in the issuance of lease purchase agreement certificates of participation in the amount of \$1,084,000.

The lease purchase agreement commenced August 1, 2008, and expires August 1, 2012. The lease may be terminated upon any of the following events: (1) expiration of the original term including any renewals; (2) the exercise by the College of the option to purchase the facility granted under the lease; (3) a default by the College and Lessor's election to terminate this lease; (4) the payment by the College of all base rental payments and additional rental payments due or to become due and the payment of the purchase price balance set forth in the lease; or (5) the effective date of cancellation of this lease by an act of the Kansas Legislature.

The College pays base rental payments and additional rental payments to the trustee bank. Such payments are required to be budgeted by the College and are subject to any such limitations. The College is responsible for maintaining and operating the buildings after construction. The lease agreement also requires certain insurance requirements which the College has met.

6. Commerce Bank, NA

The College entered into a lease purchase agreement for equipment with Commerce Bank, NA dated July 10, 2009, in the amount of \$130,000. The lease was effective as of June 30, 2009.

The lease purchase agreement commenced June 30, 2009, and expires June 30, 2013. The lease may be terminated upon any of the following events: (1) expiration of the original term including any renewals; (2) the exercise by the College of the option to purchase the equipment granted under the lease; (3) a default by the College and Lessor's election to terminate this lease; (4) the payment by the College of all base rental payments and additional rental payments due or to become due and the payment of the purchase price balance set forth in the lease; or (5) the effective date of cancellation of this lease by an act of the Kansas Legislature.

The College pays base rental payments to Commerce Bank, NA. Such payments are required to be budgeted by the College and are subject to any such limitations. The College is responsible for maintaining and operating the equipment. The lease agreement also requires certain insurance requirements which the College has met.

4. Other information

A. Compliance with Kansas statutes

References made herein to the statutes are not intended as interpretation of law, but are offered for consideration of the Director of Accounts and Reports and interpretation by the County Attorney and the legal representative of the College. No material violations were noted for the year ended June 30, 2010.

B. Risk management

The College is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years.

C. Commitments and contingencies

Commitments

The College is party to a service agreement with Southwest Plains Regional Service Center for communications facilities and services. Payments for the year ended June 30, 2010, amounted to \$19,200. Annual payments of \$15,000 each are due through fiscal year 2014, with four renewal options for five years each.

Contingencies

The College receives significant financial assistance from numerous federal and state governmental agencies in the form of grants and state pass through aid. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit. Any disallowed claims resulting from such audits could become a liability of the applicable funds. However, in the opinion of management, any such disallowed claims will not have a material effect on any of the financial statements of the College as of June 30, 2010.

Federal financial assistance programs

The College participates in federally funded PELL Grants, SEOG Grants, Federal Work-Study, and Federal Family Education Loans programs. Federal programs are audited in accordance with the Single Audit Act Amendments of 1996, the U.S. Office of Management and Budget Revised Circular A-133 Audit of States, Local Governments and Non-Profit Organizations, and the Compliance Supplement.

Garden City Community College
Notes to Financial Statements
June 30, 2010

4. Other information (continued)

D. Jointly governed organizations

The following organizations are jointly governed organizations in which the College participates and are not included in the combined financial statements of the College's basic financial statements:

Garden City Information Technologies Cooperative is a jointly governed organization between Garden City Community College, the County of Finney, Kansas, the City of Garden City, Kansas, Unified School District No. 457, and St. Catherine Hospital, created under K.S.A. 12-2901. Garden City Information Technologies Cooperative is governed by a board appointed by the participating parties. The purpose of Garden City Information Technologies Cooperative is to enhance the coordination and technology sharing among the members of the Cooperative, address the long-term goals of the Cooperative that provide an enhanced community and regional telecommunications and integrated community network, and to seek out the opportunities that are identified by the Cooperative that provide services to local and regional interest and lead to the use of the Cooperative as a tool for economic development. This is accomplished by coordinating technology purchases and training, development of communication networks within Garden City and southwest Kansas, and providing videoconferencing, telecommuting and office access within the community. The primary source of funding for Garden City Information Technologies Cooperative is from the general funds of the participating parties and through procuring grants. Garden City Community College contributed \$-0- to the operations of Garden City Information Technologies Cooperative during the year ended June 30, 2010. The College has no equity interest nor does the College materially contribute to the continued existence of Garden City Information Technologies Cooperative. Garden City Information Technologies Cooperative has a December 31st year end.

Western Kansas Community College Virtual Education Consortium is a jointly governed organization between six western Kansas community colleges. Western Kansas Community College Virtual Education Consortium is governed by a six member board of official institutional representatives appointed by the member educational institutions. The purpose of Western Kansas Community College Virtual Education Consortium is to serve as an instrument of cooperation among the member educational institutions on the design and delivery of distance education courses, programs and degrees. This is accomplished by expanding distance education programs and increasing effectiveness of individual institutions by combining forces, coordinating activities, and eliminating duplication of efforts by pooling and sharing the financial, physical, and intellectual resources and expenditures of the individual institutions to realize a broader base of support through affiliation. A primary source of funding for Western Kansas Community College Virtual Education Consortium is from the general funds of the participating parties, student fees and through procuring grants. Garden City Community College contributed \$274,375 to the operations of Western Kansas Community College Virtual Education Consortium during the year ended June 30, 2010. Garden City Community College has no equity interest nor does the College materially contribute to the continued existence of Western Kansas Community College Virtual Education Consortium. Western Kansas Community College Virtual Education Consortium has a June 30th year end.

Garden City Community College
Notes to Financial Statements
June 30, 2010

4. Other information (continued)

E. Post employment benefits

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the College makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. This program is offered for a duration of 18 months after the employee's termination date. There is no cost to the College under this program, and there was one participant in the program at June 30, 2010.

F. Other post employment healthcare benefits

Description

Kansas statute provides that post employment healthcare benefits be extended to retired employees who have met the age and/or service eligibility requirements. The health insurance benefit generally provides the same coverage for retirees and their dependents as for active employees and their dependents. The health insurance benefit plan is a single employer defined benefit plan administered by the College. The benefit is available for selection at retirement and is extended to retirees and their dependents until the age of 65. The benefits renew annually each October 1st. The accounting for the health insurance for retirees is included in the College's general operating fund, with the subsidy provided from the general operating fund.

Funding policy

The College provides health insurance benefits to qualifying retirees and their dependents in accordance with Kansas law. Kansas statute, which may be amended by the State legislature, established that participating retirees may remain in the College's health insurance plan by paying the entire premium.

Currently, eligible retirees receive a direct contribution from the College for their premium equivalent to the Plan Option 2 and dental single premium rates as established annually by the Board of Trustees. The required retiree contribution rate equals the carrier-charged premium less any direct premium paid by the College. The carrier-charged premium after College paid premium for the year ended June 30, 2010, ranged from \$0 to \$1,159.92 per month per retiree participant. The direct premium paid by the College for the year ended June 30, 2010, was \$408.67 per month per retiree participant. Spouses of retirees do not receive a direct contribution from the College for their coverage. The College appropriates funds annually for the costs associated with the retirement benefit and provides funding for the expenditures on a pay-as-you-go basis.

Annual OPEB cost and net OPEB obligation

The College's annual OPEB (Other Post Employment Benefits) cost is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed thirty years. The following table presents the components of the College's annual OPEB cost for the year, the contribution to the plan, and changes in the College's net OPEB obligation.

2010	212,316	66,000	31%	292,632

Funded status and funding progress

As of July 1, 2008, the most recent actuarial valuation date, the actuarial accrued liability for benefits was \$1,641,117. The College's policy is to fund the benefits on a pay as you go basis, resulting in an unfunded actuarial accrued liability (UAAL) of \$1,641,117. The covered payroll (annual payroll of active employees covered by the plan) was \$10,172,560 and the ratio of the UAAL to the covered payroll was 16.1%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. The valuation includes, for example, assumptions about future employment, mortality and the healthcare cost trends. Amounts determined regarding the funded status of the plan and the annual required contributions of employer are subject to continual revision as actual results are compared with the past expectations and new estimates are made about the future. The schedule of funding progress will present in time, multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing relative to the actuarial accrued liability for benefits.

Actuarial Methods and Assumptions

Projections of benefits for reporting purposes are based on the substantive plan and include the types of benefits provided at the time of valuation and the historical pattern of sharing of benefit cost between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and actuarial value of assets, consistent with the long-term perspective of the calculations.

In the June 30, 2010, actuarial valuation, the projection unit credit method was applied. The actuarial assumptions included a 4.5% investment rate of return which is based on long term return experience of asset classes stipulated in the investment policy underlying applicable funds and on recent return experience of the College. The valuation assumed annual healthcare cost trend rates of 6% to 8% in the first three years and an ultimate rate of 5.75% after three years. The valuation followed generally accepted actuarial methods and included tests as considered necessary to assure the accuracy of the results. The UAAL is being amortized over a 30 year open period in level dollar amounts.

Garden City Community College
Notes to Financial Statements
June 30, 2010

4. Other information (continued)

G. Defined benefit pension plan

Plan description: The Garden City Community College participates in the Kansas Public Employees Retirement System ("KPERs"), a cost sharing, multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, *et seq.* KPERs provides retirement benefits, life insurance, disability income benefits, and death benefits. Kansas law establishes and amends benefit provisions. KPERs issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to KPERs (611 S Kansas Avenue, Topeka, KS 66603) or by calling 1-888-275-5737.

Funding policy: K.S.A. 74-4919 establishes the KPERs member-employee contribution rate at up to 6% of covered salary. Member-employees' contributions are withheld by their employer and paid to KPERs according to the provisions of section 414(h) of the Internal Revenue Code. The State of Kansas is required to contribute the remaining amount necessary to achieve the actuarially determined contribution rate. Kansas contributed 8.57% of covered payroll. These contribution requirements are established by KPERs and are periodically revised. Kansas' contributions to KPERs for all Kansas school-type municipality employees for the years ending June 30, 2010, 2009 and 2008, were \$248,468,186, \$242,277,363, and \$220,815,154, respectively, equal to the required contributions for each year.

H. Related party transactions

The College purchases goods and services from businesses owned and operated by two board members. The College paid these businesses \$197,056 during the year ended June 30, 2010.

I. Subsequent event

Subsequent to June 30, 2010, the College approved bids for instructional and network infrastructure equipment in the amount of \$302,455.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees
Garden City Community College
801 Campus Drive
Garden City, Kansas 67846

We have audited the financial statements of the business-type activity and the aggregate discretely presented component units of the Garden City Community College as of and for the year ended June 30, 2010, which collectively comprise the College's basic financial statements and have issued our report thereon dated December 16, 2010. The financial statements of the Garden City Community College Endowment Association and the Broncbuster Athletic Association were not audited in accordance with Government Auditing Standards; accordingly this report does not extend to those component units of the Garden City Community College. Except as discussed in the preceding sentence, we conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Garden City Community College's primary government's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Garden City Community College's primary government's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the

determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

We noted certain matters that we have reported to management of the Garden City Community College's primary government in a separate letter dated December 16, 2010.

This report is intended solely for the information and use of the College's management and Board of Trustees, the Kansas Board of Regents, the Kansas Division of Accounts and Reports, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than those specified parties.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE
WITH REQUIREMENTS THAT COULD HAVE A DIRECT
AND MATERIAL EFFECT ON EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE
IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of Trustees
Garden City Community College
801 Campus Drive
Garden City, Kansas 67846

Compliance

We have audited the compliance of the Garden City Community College's primary government with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2010. The College's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the management of Garden City Community College. Our responsibility is to express an opinion on Garden City Community College's compliance based on our audit.

The Garden City Community College's basic financial statements include the operations of the Garden City Community College Endowment Association and the Broncbuster Athletic Association; neither of which received any federal awards during the year ended June 30, 2010. Our audit, described below, did not include the operations of the Garden City Community College Endowment Association or the Broncbuster Athletic Association because the component units were not subject to an audit in accordance with OMB Circular A-133.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Collage's compliance with those requirements.

In our opinion, the Garden City Community College's primary government complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2010.

Internal Control Over Compliance

The management of Garden City Community College is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Collage's internal control over compliance with requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Collage's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses in internal control over compliance. We did not identify any deficiencies in internal control over compliance of the Garden City Community College's primary government that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the College's management and Board of Trustees, the Kansas Board of Regents, the Kansas Division of Accounts and Reports, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than those specified parties.

Corrective Action Plan
and Comments on Audit Resolution Matters Relating
to the Student Financial Assistance and Federal Award Programs
June 30, 2010

December 16, 2010

Department of Education:

Garden City Community College, Garden City, Kansas, respectfully submits the following corrective action plan for the year ended June 30, 2010.

Name and address of independent accounting firm: Lewis, Hooper & Dick, LLC
PO Box 699
Garden City, KS 67846

Audit period: July 1, 2009 through June 30, 2010

The findings from the June 30, 2010, Schedule of Findings and Questioned Costs related to the federal award programs are discussed below. The findings are numbered consistently with the number assigned in the Schedule. Section I of the Schedule, Summary of Auditors' Results, does not include findings and is not addressed.

II. FINANCIAL STATEMENT FINDINGS

None

III. FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS

None

IV. STATUS OF CORRECTIVE ACTIONS ON PRIOR FINDINGS

None

If the Department of Education, the oversight agency, has questions regarding this plan, please call Dee A. Wigner at (620)276-7611.

Sincerely,

A handwritten signature in cursive script that reads "Dee A. Wigner".

The accompanying Notes to Schedule of Federal Financial Awards are an integral part of this statement.

Garden City Community College
Notes to Schedule of Expenditures of Federal Awards
June 30, 2010

1. General

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal financial assistance programs of the Garden City Community College, Garden City, Kansas. The College's reporting entity is defined in Note 1 of the Notes to Financial Statements to the College's basic purpose financial statements. All federal financial assistance received, directly from federal agencies as well as federal financial assistance passed through other government agencies, is included in the Schedule of Expenditures of Federal Awards.

Significant accounting policies, relating to federal financial assistance programs, followed by the College and other related information are described below to enhance the usefulness of the Schedule of Expenditures of Federal Awards to the reader.

A. Scope of audit

The audit of the College's federal financial assistance programs was performed in accordance with auditing standards generally accepted in the United States of America; the financial and compliance elements of Government Auditing Standards issued by the Comptroller General in 1994; and the provisions of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Audit requirements set forth in the Department of Education's Compliance Audits (Attestation Engagements) of Federal Student Financial Assistance Programs at Participating Institutions, January, 2000, set forth these objectives:

1. Expressing an opinion on the basic financial statements and required supplementary information.
2. Evaluation of the College's policies, procedures and practices used to administer the programs.
3. Determination of compliance with applicable sections of the acts, related federal regulations and Department of Education policies and procedures.
4. Evaluation of the College's system of internal control, accounting and reporting, and the controls maintained in the operation of an accounting for the funds provided for the programs.
5. Reconciliation of the information reported on the appropriate financial statements with ED Form 646 for the year audited.

The audit covered the period of July 1, 2009, through June 30, 2010, and was conducted at the College's business and student financial aid offices.

B. Administration

The College officials responsible for overall administration of the federal financial assistance programs are the Dean of Administrative Services and the Dean of Student Services (Director of Financial Aid).

The Financial Aid Office is responsible for application processing and loan approvals, as well as the College's compliance with the various U.S. Department of Education regulations governing the College's participation in the federal student financial aid programs.

The Dean of Administrative Services is responsible for the programs' financial management and general ledger accounting functions.

Garden City Community College
Notes to Schedule of Expenditures of Federal Awards
June 30, 2010

1. General (continued)

C. Basis of presentation

The accompanying Schedule of Expenditures of Federal Awards has been prepared in accordance with accounting principles generally accepted in the United States of America and the format as set forth in the publications: Government Auditing Standards issued by the Comptroller General in 1994; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. The purpose of the Schedule is to present, in summary form, the expenditures of Garden City Community College, Garden City, Kansas, for the year ended June 30, 2010, which have been financed by the United States Government (federal awards). Except as described in the following paragraphs, generally accepted accounting principles are in agreement with the accounting principles prescribed for such programs by the Department of Education's fiscal control and fund accounting procedures.

For the purposes of this Schedule, federal awards include all federal assistance and procurement relationships entered into directly between Garden City Community College and the federal government and sub-awards from non-federal organizations made under federally sponsored agreements.

Because the Schedule presents only a selected portion of the activities of Garden City Community College, it is not intended to and does not present either the financial position, changes in financial position or cash flows for Garden City Community College. For reporting purposes, federal awards have been classified into two types:

1. Awards other than student financial aid; principally, sponsored research and training activities.
2. Student financial aid.

D. Basis of accounting

The accounting principles followed by Garden City Community College in each of the above two areas and used in preparing the accompanying Schedule are as follows:

1. Awards other than student financial aid

Deductions (expenditures) for direct costs are recognized as incurred using the accrual method of accounting and the cost accounting principles contained in OMB Circular A-21, Cost Principles for Educational Institutions. Under those cost principles, certain types of expenditures are not allowable or are limited as to reimbursement.

2. Student financial aid

Deductions are recognized on the accrual basis for awards made to students and allowable administrative expenses of running such programs. Additions, in turn, are recognized when advances are received from the federal government.

Garden City Community College
Notes to Schedule of Expenditures of Federal Awards
June 30, 2010

2. Summary of programs from sponsoring agencies

A. Department of Education

1. Supplemental Educational Opportunity Grant Program
The Supplemental Educational Opportunity Grant (SEOG) Program was established by the Garden City Community College in 1973, pursuant to Title IV, Part A, of the Higher Education Act of 1965, as amended. During the academic year ended June 30, 2010, 123 students participated in the program, receiving awards that aggregated \$44,300. Of these awards, \$33,225 were paid from federal funds and \$11,075 were paid from institutional contributions. An administrative allowance of \$4,194 from federal funds was also paid the College.
2. Higher Education – Strengthening Developing Institutions
The Higher Education – Strengthening Developing Institutions grant is from Title V for expanding opportunities for Hispanic students in rural Kansas.
3. Federal Work Study Program
The Federal Work Study (FWS) Program was established by the Garden City Community College in 1967, pursuant to Title IV, Part C of the Higher Education Act of 1965, as amended. During the year ended June 30, 2010, 79 students participated in the program, earning \$86,368 in wages. Of these wages, \$64,776 were paid from federal funds and \$21,592 were paid from institutional contributions. An administrative allowance of \$218 from federal funds was also paid the College.
4. Special Services for Disadvantage Students Programs
The Title IV Special Services for Disadvantage Students Program objective at Garden City Community College is to serve the at-risk students, especially the non-English proficient and returning adult students.
5. Talent Search Programs
The Title IV Talent Search Program objective at Garden City Community College is to serve the at-risk students, especially the non-English proficient and returning adult students.
6. Federal PELL Grant Program
The College entered into an agreement with the Department of Education to participate in the Federal PELL Grant Program. This program provides eligible students with a foundation of financial aid to help defray the costs of post secondary education. During the 2010 academic year, \$2,992,118 was expended for PELL awards to 903 full-time and part-time students.
7. Academic Competitiveness Grant
The Academic Competitiveness Grant through the Department of Education provides eligible first and second-year full-time undergraduates, who have completed a rigorous course of study in high school, with need-based grant assistance to help meet educational expenses. During the 2010 academic year, \$121,478 was expended for Academic Competitiveness Grant awards to 118 full-time students.

Garden City Community College
Notes to Schedule of Expenditures of Federal Awards
June 30, 2010

2. Summary of programs from sponsoring agencies (continued)

A. Department of Education (continued)

8. Federal Family Education Loans

The Stafford Student Loan (SSL) Program, formerly the Guaranteed Student Loan Program, was established to make low interest loans available to students to pay for their costs of attending post secondary educational institutions. The SSL Program in Kansas is administered by the Higher Education Assistance Foundation (HEAF), a private, nonprofit corporation chartered to guarantee student loans. The loans are made through lending institutions, but post secondary institutions, such as Garden City Community College, are responsible for completing portions of the loan applications, verifying student eligibility, filing student confirmation reports, refunding money to lenders, when appropriate, and handling loan checks when they are sent to the education institution rather than to the borrower. The College handled 414 approved Stafford Student Loans for college students during the 2010 academic year. In addition, the College processed 244 approved loans under the related Unsubsidized Stafford Student Loan Program and 4 approved loans under the PLUS Loan Program.

9. Adult Education Program

The objective of the Adult Education Program is to provide, improve and expand post secondary vocational services and activities to train and retrain adults. Funds are awarded annually based upon submission of an application and program plan.

10. Vocational Education - Basic Grants to States

Enacted in 1984, this program is designed to service special population groups in their need for marketable skills upon entering the work force. On the national level, this program is intended to improve productivity and promote economic growth.

a. Career & Technical Education

The objective of the Career & Technical Education program is to develop more fully the academic, career, and technical skills of secondary and postsecondary students who elect to enroll in career and technical education programs

11. Adult Education – National Leadership Activities

The objective of the Adult Education – National Leadership Activities program (Next Step) is to support projects for the improvement and expansion of adult basic education nationwide.

12. College Access Challenge Grant Program

The objective of the College Access Challenge Grant Program is to increase the number of underrepresented students who enter and remain in postsecondary education.

13. State Fiscal Stabilization Fund – Education State Grants, Recovery Act

The objective of the State Fiscal Stabilization grant at the College is to modernize and renovate facilities primarily used for instruction.
