INDEPENDENT AUDITOR'S REPORT

Board of Education
Unified School District No. 436
Caney, Kansas 67333

We have audited the accompanying statutory basis financial statements of the individual funds of the Unified School District No. 436, Caney, Kansas, as of and for the year ended June 30, 2011, as listed in the table of contents. These statutory basis financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these statutory basis financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the *Kansas Municipal Audit Guide*, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

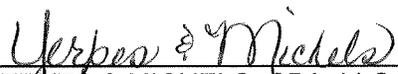

As described in Note A-3, the School District prepared these statutory basis financial statements using accounting practices prescribed by the State of Kansas to demonstrate compliance with the cash basis and budget laws of the State of Kansas, which practices differ from accounting principles generally accepted in the United States of America. The effects on the statutory basis financial statements of the differences between the regulatory basis of accounting and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In our opinion, because of the effects of the matter discussed in the preceding paragraph, the statutory basis financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Unified School District No. 436, Caney, Kansas, as of June 30, 2011, or changes in financial position or cash flows thereof for the year then ended.

Also, in our opinion, the statutory basis financial statements referred to in the first paragraph present fairly, in all material respects, the cash and unencumbered cash balances of each of the various funds of Unified School District No. 436, Caney, Kansas, as of June 30, 2011, and their respective cash receipts and expenditures and budgetary results for such funds for the year then ended on the basis of accounting described in Note A-3.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 12, 2012 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the statutory basis financial statements of Unified School District No. 436 taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the statutory basis financial statements. The Schedule of Findings and Questioned Costs and Summary Schedule of Prior Audit Findings are presented for the purpose of additional analysis and are not a required part of the statutory basis financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the statutory basis financial statements. The information has been subjected to the auditing procedures applied in the audit of the statutory basis financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements taken as a whole, on the basis of accounting described in Note A-3.

NOTES TO FINANCIAL STATEMENTS

June 30, 2011

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. REPORTING ENTITY

Unified School District No. 436 is a municipal corporation governed by an elected seven-member board. These financial statements present USD No. 436.

The District's summary of cash receipts, cash disbursements and unencumbered cash includes the accounts of all District operations. The District's major operations include primary and secondary education of young people in the Caney, Kansas school district. The scope of the entity for financial reporting purposes is designed as those funds for which the District has oversight responsibility and is primarily accountable. Oversight responsibility includes budgetary authority and fiscal management responsibility. Budgetary authority is defined as authority for final approval of budgetary appropriations and revisions. Fiscal management responsibility is control of the collection and disbursement of funds.

2. BASIS OF PRESENTATION - FUND ACCOUNTING

A fund is defined as an independent fiscal accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The following types of funds comprise the financial activities of Unified School District 436, Caney, Kansas, for the year ended June 30, 2011.

Governmental Funds:

General Fund – to account for all unrestricted resources except those required to be accounted for in another fund.

Special Revenue Funds – to account for the proceeds of specific revenue sources (other than special assessments or major capital projects) that are restricted by law or administrative action to expenditure for specified purposes.

Debt Service Funds – to account for the accumulation of resources for, and the payment of, interest and principal on general long-term debt, and the financing of special assessments which are general obligations of Unified School District 436, Caney, Kansas.

Fiduciary Funds:

Trust Funds – to account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. These include (a) Expendable Trust Funds, (b) Nonexpendable Trust Funds, and (c) Pension Trust Funds.

3. BASIS OF ACCOUNTING

Statutory Basis of Accounting. The statutory basis of accounting, as used in the preparation of these statutory basis financial statements, is designed to demonstrate compliance with the cash basis and budget laws of the State of Kansas. Cash receipts are recognized when the cash balance of a fund is increased except as disclosed below. Expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments related to unperformed (executory) contracts for goods and services, and are usually evidenced by a purchase order or written contract. For an interfund transaction, a cash receipt is recorded in the fund receiving cash from another fund, and expenditure would be charged in the fund from which the transfer is made.

The Kansas Legislature passed a law [KSA 72-64176(d) and KSA 72-6434(d)] requiring all school districts to record, as received by June 30 of each fiscal year, all required state aid distributions for that year made by the Kansas Department of Education regardless of when received by the School District. For the current audit period, the State of Kansas did not make its final state aid distribution until July 7, 2011 in the amount of \$568,172.00, and the District recorded this as a June 30, 2011 receipt. Under accounting practices prescribed by the State of Kansas to demonstrate compliance with the cash basis and budget laws of the State of Kansas, this money should have been receipted in the fiscal year ended June 30, 2012.

The District passed a Resolution dated July 12, 2010 to waive the annual requirement of generally accepted accounting principles and fixed asset accounting for the year ended June 30, 2011, in conformity with K.S. A. 75-1120a (c)(1), and allowing the District to use the statutory basis of accounting.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. DEPARTURE FROM GENERALLY ACCEPTED ACCOUNTING PRINCIPLES

The basis of accounting described above results in a financial statement presentation which shows cash receipts, expenditures, cash and unencumbered cash balances, and expenditures compared to budget. Balance sheets that would have shown noncash assets such as receivables, inventories, and prepaid expense, liabilities such as deferred revenue and matured principal and interest payable, and reservations of the fund balance are not presented. Under accounting principles generally accepted in the United States of America, encumbrances are only recognized as a reservation of fund balance; encumbrances outstanding at year end do not constitute expenditures or liabilities. Consequently, the expenditures as reported do not present the cost of goods and services received during the fiscal year in accordance with generally accepted accounting principles. Capital assets that account for the land, buildings, and equipment owned by the municipality are not presented in the financial statements. Also, long-term debt such as general obligation bonds, revenue bonds, capital leases, temporary notes, and compensated absences are not presented in the financial statements.

NOTE B - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

1. BUDGETARY INFORMATION

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special revenue funds (unless specifically exempted by statute), debt service funds, and enterprise funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- a. Preparation of the budget for the succeeding calendar year on or before August 1st.
- b. Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5th.
- c. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
- d. Adoption of the final budget on or before August 25th.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time. The General Fund budget was amended during the year ended June 30, 2011.

NOTE B – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the statutory basis of accounting. Revenues are recognized when cash is received except as described in Footnote A-3. Expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. All unused budget expenditure authority lapses at year-end.

A legal operating budget is not required for Trust Funds and the following Special Revenue Funds:

- Contingency Reserve Fund
- Indian Education Fund
- Advanced Placement Program Fund
- Title I Fund
- Title I – ARRA Fund
- Title II A - Teacher Quality Fund
- Title II D - Education Tech. Fund
- Title V – Charter School 2010-11 Fund
- Title V – Charter School 2010 Fund
- District Activity Funds

Spending in funds which are not subject to the legal annual operating budget requirements, are controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

2. COMPLIANCE WITH KANSAS STATUTES AND OTHER FINANCE RELATED LEGAL MATTERS

Management of the District is not aware of any violations of compliance with Kansas Statutes or violations of other finance related legal matters.

NOTE C - DEPOSITS AND INVESTMENTS

K.S.A. 9-1401 establishes the depositories which may be used by the District. The statute requires banks eligible to hold the District's funds have a main or branch bank in the county in which the District is located and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The District has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the District's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. Government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The District has no investment policy that would further limit its investment choices.

Concentration of credit risk. State statutes place no limit on the amount the District may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. State statutes require the District's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the

Federal Reserve Bank of Kansas City or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. All deposits of the primary government were legally secured at June 30, 2011.

At year-end the carrying amount of the District's (primary government's) deposits, including certificates of deposit, was \$2,827,846.25. The bank balance and certificates of deposit was \$2,833,245.01. The difference between the carrying amount and the bank balance is outstanding checks and deposits in transit. The bank balance was held by one bank, resulting in a concentration of credit risk; however, certificates of deposit totaling \$500,000.00 have been issued through the Certificate of Deposit Account Registry Service (CDARS). Of the total balance \$750,000.00 was covered by FDIC insurance, \$2,083,245.01 was collateralized by pledged securities held by the pledging financial institution's agents in the District's name.

NOTE C - DEPOSITS AND INVESTMENTS (Continued)

Custodial credit risk – investments. For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

At June 30, 2011, the District had no investments.

NOTE F - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees, and natural disasters for which the District carries commercial insurance. Settlements of claims resulting from these risks have not exceeded coverage in any of the past three fiscal years.

PLAN NOTE G - DEFINED BENEFIT PENSION

Plan description. The District contributes to in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. KPERS provides retirement benefits, life insurance, disability income benefits, and death benefits. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to KPERS (611 S. Kansas, Suite 100, Topeka, Kansas 66603) or by calling 1-888-275-5737.

Funding policy. K.S.A. 74-4919 establishes the KPERS member-employee contribution rate at 4% of covered salary. Members-employees' contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code. The State of Kansas is required to contribute the remaining amount necessary to achieve the actuarially determined contribution rate. Kansas currently contributes 9.17% of covered payroll. These contribution requirements are established by KPERS and are periodically revised. Kansas' contributions to KPERS for all Kansas public school employees for the years ending June 30, 2011, 2010, and 2009 were \$253,834,044, \$248,848,186, and \$242,277,363, respectively, equal to the required contributions as set forth by the State legislature each year. The amounts attributable to the District for the years ending June 30, 2011, 2010, and 2009 were \$274,651, \$318,961, and \$307,668.

NOTE H – FLEXIBLE BENEFIT PLAN (I.R.C. SECTION 125)

The Board adopted a salary-reduction flexible benefit plan under Section 125 of the Internal Revenue Code. All full time employees of the District are eligible to participate in the plan beginning the first day of the month following employment. Each employee may elect to reduce his or her salary to purchase benefits through the plan. Currently benefits offered through the plan involve health insurance, cancer insurance, and advantage disability insurance.

NOTE I – OTHER POST EMPLOYMENT BENEFITS

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the District makes health care benefits available to former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the District under this program.

NOTE J - COMPENSATED ABSENCES

EMPLOYEE VACATION AND SICK PAY

All non-certified employees plus the Superintendent rendering service throughout the entire year are eligible for vacation benefits varying from one (1) week vacation to four (4) weeks vacation. Vacation benefits are determined based on years of employment. Unused vacation earned during the current year may be carried past June 30, but must be used by the following December 31st. After this date, the leave will be forfeited.

Each employee is entitled to one (1) day of sick leave for each month contracted plus one day. Unused sick leave may accumulate to 50 days. The Board of Education will pay 100% of the substitute teacher rate for loss of sick leave over 50 days. This amount will be paid in June based on the current year's substitute rate for full time employees. Upon retirement, if the employee has ten (10) years of continuous service to the School District and qualifies for KPERS Retirement, the Board of Education will purchase unused sick leave at a rate based on 100% of the substitute teachers' rate of pay.

All full time personnel shall be entitled to three (3) days personal leave with pay per year. The three days shall be used at the discretion of each employee, except that personal leave shall be limited during the last two weeks of school and the duty day before or after a holiday. At the end of the year, classified staff and special services employees will be compensated for unused personal leave at the substitute daily pay rate. Payment will be included in the June payroll. Personal leave will not accumulate.

The liability for accrued vacation and sick pay is not reflected on the financial statements. Neither the actual or estimated amount of the liability could be reasonably estimated at June 30, 2011. The cost of vacation and sick pay are recognized as expenditures when paid.

NOTE K – USE OF ESTIMATES

The preparation of statutory basis financial statements required management to make estimates and assumptions that affect the reported amounts of expenditures during the audit period, encumbrances outstanding and disclosure of contingencies at the end of the audit period. Actual results could differ from the estimates.

NOTE L – CONTINGENT LIABILITIES

Management of the District and its Legal Counsel are not aware of any litigation involving the District at this time.

**REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT
AUDITING STANDARDS**

Board of Education
Unified School District No. 436
Caney, KS 67333

We have audited the statutory basis financial statements of Unified School District No. 436, Caney, Kansas, as of and for the year ended June 30, 2011, and have issued our report thereon dated January 12, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *Kansas Municipal Audit Guide*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

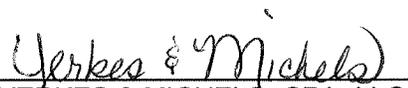

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified certain deficiencies in internal control over financial reporting, described in the accompanying *Schedule of Findings and Questioned Costs* that we consider to be significant deficiencies in internal control over financial reporting [Finding 2011-01]. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

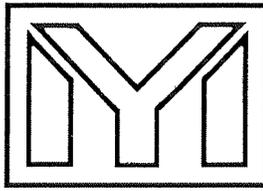

As part of obtaining reasonable assurance about whether the District's statutory basis financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an object of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain other matters that we reported to management of the District in a separate letter dated January 12, 2012.

This report is intended solely for the information and use of the Board of Education of the Unified School District No. 436, Caney, Kansas, management, federal awarding agencies and pass through entities and for filing with the State of Kansas, Division of Accounts and Reports and is not intended to be and should not be used by anyone other than these specified parties. REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Independent Auditor's Report

Board of Education
Unified School District No. 436
Caney, KS 67333

Compliance

We have audited Unified School District No. 436, Caney, Kansas's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the *Kansas Municipal Audit Guide*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, Unified School District No. 436, Caney, Kansas, complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011.

Internal Control Over Compliance

The management of Unified School District No. 436, Caney, Kansas, is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Board of Education of Unified School District No. 436, Caney, Kansas, management, and federal awarding agencies and pass-through entities and for filing with the State of Kansas, Division of Accounts and Reports and is not intended to be and should not be used by anyone other than these specified parties. SCHEDULE OF FINDINGS AND QUESTIONED COSTS

For the Year Ended June 30, 2011

Section II – Financial Statement Findings

Finding 2011-01:

Statement of Condition: Due to auditing standards, we are required at a minimum to report a significant deficiency on the operations of an entity that has a limited number of staff to perform segregate duties, and properly review procedures as required in an ideal internal control structure. In order to have ideal segregation of duties, the custody of assets, the authorization of transactions involving those assets, and the recording of those transactions should all be performed by separate individuals. In a small entity setting, it is very difficult to maintain ideal segregation of duties. We considered this lack of segregation of duties to be a significant deficiency under standards established by the American Institute of Certified Public Accountants.

Status: Due to the limited size of the District's staff, there is a lack of segregation of duties. At this time, it may be cost prohibitive to increase staff in the Board office sufficiently to rectify this situation. Current office staff and the Board of Education should, however, continually review the opportunity to implement segregation of duties that will enhance the internal control structure at a minimal cost to the District.

Recommendation: We recommend that the board, and administration continually review their procedures for opportunities to increase the segregation of duties of the District as well as the overall internal controls and oversight over the accounting functions. We recommend the Board be aware of the importance of segregating the office duties in order to maintain a good internal control structure that will aid in the prevention and detection of errors and irregularities whether caused by fraud or human error.

View of responsible officials and corrective action plan: Management feels it would cost prohibitive to hire additional personnel to correct this finding. Management and the Board are continually working to mitigate this deficiency. See the Corrective Action Plan on page 56.

Section III – Federal Award Findings and Questioned Costs

No matters reported.

UNIFIED SCHOOL DISTRICT NO. 436
CANEY, KANSAS
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
For the Year Ended June 30, 2011

Finding 2010-01:

A lack of segregation of duties was considered to be a significant deficiency in the prior audit. As the District does not feel it is economically feasible to employ another individual, this finding remains unresolved and will be repeated as finding 2011-01.

Finding 2010-02:

In the prior audit period, it was found that the District had a material amount of idle funds during two monthly periods, a violation of the cash management compliance requirement. The District has implemented a policy of requesting funds only on a reimbursement basis to eliminate the possibility of idle funds. This is in accordance with their Corrective Action Plan and the finding has been sufficiently resolved.
