NEWS RELEASE

Department of Administration's Ruoff Honored

TOPEKA – The American Payroll Association has honored Nancy Ruoff for her contribution to the payroll profession through her participation on the Strategic Payroll Leadership Task Force. Ruoff oversees the State of Kansas payroll system in the Kansas Department of Administration's Office of Systems Management.

"Nancy Ruoff is a great example of so many of our State employees," said Interim Secretary of Administration Mark J. McGivern. "She is constantly looking for opportunities to improve the way we do business to save taxpayer dollars and increase efficiency. We are proud of her accomplishments here in Kansas and pleased her service is being acknowledged by her peers nationally."

"It is an honor to be recognized as part of the task force that works to develop and encourage best practices in Public Sector Payroll," said Ruoff. "Efforts to develop, share, and implement best practices make a difference in Kansas and across the country."

Ruoff's entire 21-year tenure with the State of Kansas has been working with the State payroll. She will be presented the Citation of Merit at the American Payroll Association's 31st Annual Congress in May. Ruoff is a founding member of the Strategic Payroll Leadership Task Force's Government Public Sector Best Practice Subcommittee, which was established in 2008.
